Sir,—I take great pleasure in stating that, after having suffered from dyspepsia for about fifteen years. At some periods much more than others, I have been entirely gured by the use of Coes Dyspepsia. Cure. My friends know tent of late years my case has been an extreme one. I had great suffering from eating any kind of fcool, and on an average would comit about one-third of my meals, in a sour, in digestible mas. When the severe attacks would come, I would lose all strength and be utterly helpless. Some of the attacks would be so severe that for days together I would not retain any thing on my Stombach, save a little dry tosst and tes. The years I knew not what it was to pass dwalconsecutive hours without intense pain. years I knew not what it was to pass first consecutive hours without intente pain. From the time I took the first dese of this medicine I ceased vomiting, gradually at soreness passed away, and fiest near strength returned, and ever since I have been able to eat any kind of food set apead the table. Six months have now passed without any symptoms of the return of the disease. My case was considered by all, even physicians, so marvelous, that for a time it was feared it might be fictitious; but I am now so well convinced, that I have been not merely relieved but permanently cured, that I can conscientiously recommend too's Dyspepela Cure to all victims of dyspepela.
